### HOW BREAD IS PRODUCED & DELIVERED

1. Our 350+ customers turn in their orders by the cutoff times on Monday, Wednesday and Fridays
2. Invoices are printed and given to transportation
3. Wrap sheet is produced and given to production
4. Production produces a dough sheet which tell our production crews how many tons of dough will be needed to produce the thousands of packages needed to fill our customer orders.
5. The first crew arrives at 4am to begin producing product.
6. Product is produced throughout the day with the goal of being finished no later than 6 pm so the loaders can begin building orders for our 350+ customers.
7. 5- 2-man loader teams begin building orders using individual invoices, writing cut tickets for any product that is not accounted for.
8. Loaders load trays of products on 21 different route trucks.
9. Drivers begin arriving early morning to deliver products in a timely manner to our 350+ customers.
